

We're all in the same boat ...

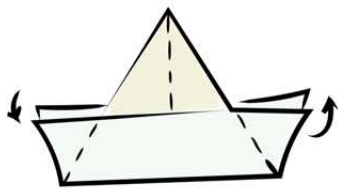

*First,
fold a sheet
of paper in half.*

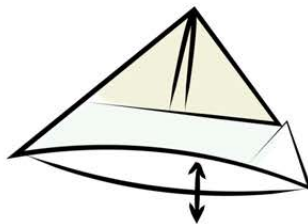

*Fold the upper
corners down to
the middle.*

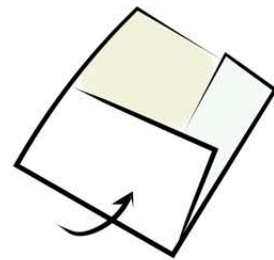

*Fold both lower
edges upward.*

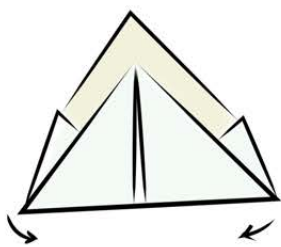

*Then fold one corner
forward and the other
backward.*

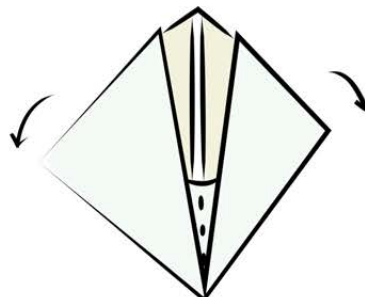

*Open the triangle this
creates and bring both
corners together.*

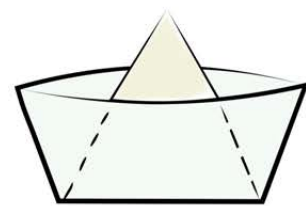

*Now fold the
lower corners
upward.*

*Then push the corners
together ...*

*... and pull it apart
as show ...*

*... and the boat is
finished!*
