The meeting place for technical communication

tcworld conference 2023 brings together cross-industry participants, speakers, students and exhibitors of technical communication from all over the world: from November 14 – 16, 2023, it's finally that time again at ICS Stuttgart!

This year, the focus will be on artificial intelligence, the intelligent provision of user information, the change in media use, legal regulations and standardization, new tasks from the EU, and much more.

We are looking forward to seeing you.

tcworld conference 2023 welcomes its visitors to Stuttgart again! ICS offers numerous advantages that guarantee you, as a visitor, a pleasant stay and smooth proceedings:

- Immediate proximity to Stuttgart Airport
- A direct freeway connection (A8)
- An architectural highlight with a modern hall concept

Opening hours:

Tuesday and Wednesday, 9:00 AM to 6:00 PM
Thursday, 9:00 AM to 4:00 PM

Address:

ICS International Congress Center Stuttgart
Messepiazza 1, 70629 Stuttgart, Germany
www.messe-stuttgart.de

**REGISTER
NOW!**

Take advantage of the early booking discount!

Book your conference ticket now and benefit from the early booking discount until October 17, 2023.

TIP: Online ticket

Don't have time to come to Stuttgart? No problem! With the online ticket, you can watch 3 tracks live from the comfort of your home – recordings and online Networking-Lounge included.

More about the world's largest trade and professional association for technical communication

Further training and networking – prepare yourself for the changes in TC

Internationality & diversity

The diversified range of events with an international focus has something to offer everyone: The world's largest conference for technical communication brings together companies, experts and decision-makers and focuses on current trends, topics and developments.

Networking & community

NetworkingLounge, parties, meetups, tekompair: Make contacts with companies, meet new and old acquaintances, and exchange ideas with the tekompair family.

Knowledge transfer & continuing education

Industry experts provide expertise and best practices from many areas of TC such as New Learning, legal requirements and standards, professional writing, intelligent user information delivery, language and translation technologies, software documentation, technical translation and user experience.

Thinking outside the box ...

Enrich your everyday work with new ideas and inspiration. Our topics are interesting not only for technical writers, but also for translators and related professions, e.g. software and API documentation, user experience, information management, and technical marketing.

... and a side program that is well worth seeing:

- City tours in the evening
- Best-practice examples and workshops on the entire spectrum of technical communication
- Exhibitor stand parties on Tuesday until 11 PM
- Lounge evening on Tuesday
- Welcome Party of the tekompair All-Stars Band on Wednesday evening

arena

Arena

The lecture format for networked and interdisciplinary exchange

Are there interfaces between technical documentation and other disciplines?

Can they learn from each other and jointly create opportunities? We say yes, and we would like to exchange ideas with you at the arenas.

Together, we will shed light on developments and present technical solutions.

- Exciting keynotes
- Free admission for conference attendees as well as for trade fair visitors
